

Hualapai Mountain Medical Center is pleased to provide this map to our facility. If you need additional directions or have other questions, please contact us at 928-263-5000.

On-site directions:

Inpatient and Outpatient Services:

Upon entering the hospital parking lot, you will find ample free surface parking. The main entrance can be found next to the flag poles in the front of the building. When you enter the lobby, please report first to the Reception Desk. The concierge is there to direct you to the appropriate person or department.

Emergency Department:

The drive-up entrance to the hospital emergency department is located on the east side of the building (right hand side as you face the main entrance). On entering, please sign in so you may be seen by the triage nurse who can determine the seriousness of your emergency and whether you need to be seen immediately.
